

Engage and share key evidence with policy-makers and government. Support, scale, and spread Can-SOLVE CKD.

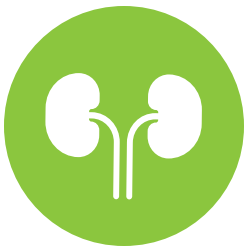

## PATIENT ENGAGEMENT

Remains at the heart of Can-SOLVE CKD  
*"The magic is in patient voices" (S. Bryan)*

## KNOWLEDGE TRANSLATION

Succinct key messages that highlight project status and supports required

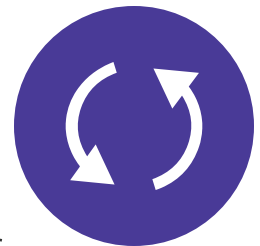

## CANADIAN RENAL LEADERS FORUM

Prioritization of projects that can be scaled and sustained

## CULTURE AND SYSTEM CHANGE

Need to get past processes that create usual delays and inefficiencies; look to examples in corporate sector

## INDIGENOUS HEALTH

Support cultural safety training and efforts to build respectful partnerships

## STAKEHOLDER ENGAGEMENT

Intensify efforts and partnerships with policy-makers and industry

## ADVOCACY

Connect with key positions (not individuals); link with groups that have successfully lobbied government

## DIGITAL HEALTH, DATA, AND TECHNOLOGY

Engage with superclusters and private sector
